RENNER DANIEL RENNER

age 91, born July 11, 1933, passed away February 25, 2025. Daniel Renner, MD, passed away at his home in Gates Mills in February. Born to Dr. R. Richard and Jennie Renner, Dan loved his family, including brothers Robert (Ginger) & John (Gail), sisters Ruth (Frank) & Mary, his wife, Marlane [Zillmann], sons Richard (Laura Yeomans) and Steven (Deb), daughters Ann Stillwater (JD), and Karen Sargent (Dan), grandchildren

Jennie (Colin), Chris, Alex, Robin (Rob), Courtney, Elise; great grandchildren Audrey and Nolan; and many nieces, nephews and cousins. He was preceded in death by his parents, all four siblings, ex-wives Carol and Kathy, and son Steven.

Dan had an insatiable thirst for adventure, talent for tennis and photography, and love for Cleveland. After attending Cleveland Heights schools, he started at Bethany College at age 16. Graduating from the University of Michigan in 1957, Dan enjoyed a successful and pioneering career as a thoracic/cardiovascular surgeon. He was a respected asset to both patients and leadership at Hillcrest Hospital, founded by his father. Upon retirement, volunteer work filled his soul.

Dan's children and their spouses have established the Renner Fund at the Cleveland Foundation, thereby furthering the Renner family's philanthropic legacy. Dan's sweet smile, sense of humor, generosity, and engaging stories are missed by those who knew him.
